REMARKS/ARGUMENTS

The present application was filed and previously prosecuted by a pro se Applicant who has only just obtained patent counsel on July 13, 2006.

The Applicant has requested that counsel respond to the Notice of Non-compliant Amendment of June 16, 2006 utilizing the exact substantive claim language as submitted in Applicant's response of May 18, 2006, but with corrected formatting to comply with USPTO rules. The undersigned counsel is not in possession of previous Office Actions in this matter. Accordingly, the undersigned counsel has complied with Applicant's request in the belief that it meets language discussed between Applicant and the Examiner.

CONCLUSION

No new matter has been added. Applicant respectfully believes that Applicant has fully complied with the Notice of Non-compliant Amendment of June 16, 2006. Should the Examiner require further clarification of the claims, and/or correction of any antecedent basis, Applicant respectfully requests that Applicant be afforded additional time to make such clarifications.

Applicant further respectfully believes that amended claims 1 and 2, and all claims depending therefrom, are now in condition for allowance, and that Examiner's rejection of claims depending from claims 1 and/or 2 is now moot.

If the Examiner disagrees with Applicant's position and would like to receive further clarifying explanations of the significance of Applicant's invention, it is respectfully requested that Applicant's undersigned attorney be granted a telephone interview with Examiner.
